About UYDEL:

Uganda Youth Development Link (UYDEL) is a non-governmental organization whose core programs focus on HIV/AIDS prevention, care and support; Alcohol, drug and substance abuse prevention; Child protection; Prevention and rehabilitation of children engaged in worst forms of child labour; Adolescent Sexual Reproductive Health; Prevention of commercial sexual exploitation of children in the districts of Kampala, Wakiso, and Mukono.

Vision:

A transformed society where young people live a good quality of life free from exploitation.

Mission:

To enhance socio-economic transformation of disadvantaged young people through advocacy and skills development for self-reliance.

Core Values

1. Respect for human rights
2. Non-discrimination
3. Transparency
4. Integrity
5. Participation
6. Team work

Identification, recruitment, & placement of children and youths for psychosocial rehabilitation and re-integration.

UYDEL withdrew and rehabilitated 949 young people (733 females and 216 males) from trafficking, commercial sex exploitation, substance abuse and other risky behaviors are rehabilitated from Masooli center and other drop in centers.

Lessons Learnt:

a) Apply evidence based approaches and test to work in order to get the desired impact among high risky youths.

b) Increased child participation in selecting a skill is key as well as doing multiple skills both livelihood and inter-personal skills.

c) Multiple skills including vocational, entrepreneurship and life skills should be provided for the young people to compete favorably in this competitive environment.

d) Follow up and tracing of re-integrated young people to learn from their experiences and adjustment.

Child Protection

**(Commercial Sexual Exploitation of Children & Child Trafficking)**

This project works in seven districts; Kampala, Jinja, Mukono, Lyantonde, Wakiso, Masaka and Bugiri supported by ECPAT-France and Government of France by a grant for 3 years as part of an East African regional project 2010 – 2014.
Project Achievements

- Reproduced 500 copies of the Commercial Sexual Exploitation of Children study report, 2011 and disseminated to stakeholders.
- Held Television talk shows on Trafficking in Human Persons.
- Contributed to a newspaper Article on CSEC and trafficking
- Sensitization workshops targeting 120 stakeholders on trafficking and CSEC in Lyantonde, Namirembe landing site, Jinja, and Mbarara districts.
- Workshop with 50 Private Recruitment Employment Agencies.
Withdrawn and rehabilitated 176 children (153 females and 22 males) affected by internal trafficking and exploitation for sexual purposes were withdrawn and rehabilitated at the UYDEL rehabilitation centre in Masooli.

UYDEL was elected to serve as civil society representative on the National Taskforce against Human Trafficking in Uganda.

UYDEL is also the Chair of the Uganda Civil Society Coalition Against Trafficking in Persons (UCATIP) which has membership of over fifty seven NGOs which promotes information sharing and coordination among the partners.

**Advocacy and awareness about CSEC, trafficking and bonded labour**

UYDEL organized an advocacy event to create awareness about the problem of sexual exploitation and trafficking of children. The Christmas carols gala targeted major stakeholders (NGOs, CSOs, Embassies, Development partners, line ministries, police, & media) in Kampala city. Over 350 people attended the event.
One lesson we have learnt is that the numbers of the victims exploited is still high, government and other actors need to support interventions.

**Anti-Child Trafficking Project**

The third phase of the anti-child trafficking project implemented by UYDEL in partnership with the Office of the High Commissioner for Human Rights, Geneva under the United Nations Voluntary Trust Fund on Contemporary Forms of Slavery.

**Project Achievements**

- 1,000 anti-child trafficking posters printed
- 50 children identified and placed under in vocational skills training at Masooli center.
- 47 children received psycho-social support services in form of shelter, counseling, information sessions, medical care, life skills, legal aid, material need, trauma therapy, talent identification and mentoring.
- 50 children were resettled and re-integrated with their families and communities.

The lessons learnt here was that socio economic re-integration is a slow process, needs patience and understanding of clients needs. Multiple skills are necessary for such children to cope in a competing livelihood environment.
Alcohol, drug and substance abuse prevention

## Issues arising

1) Address social determinant factors that increase vulnerability to violence and risky sexual behavior and use of multiple skills and promotion centre and non centre based activities. At the same time provide start-up capital to promote self and group saving schemes.

2) Engage systems that serve families and adolescent particularly those that are affected by poverty, vulnerable children who are at high risk of pregnancy, (other stakeholders/organizations, and coalitions serving Juvenile Justice, Foster Care, Domestic Violence, Homeless Youth, and community mental health).

3) Promote the use such innovative approach such as mobile phones in the promotion of transmission of ASRH information to better incorporate and address youth needs.

**Child Labour Project**

UYDEL implemented a project titled “Prevention and withdrawal of children engaged in Commercial Sexual Exploitation (CSEC), victims of trafficking and other Worst Forms of Child Labour in Wakiso District” supported by ILO-IPEC.

Above: Households receiving piglets for income generating and parents undertaking Savings and Loaning scheme in the community

**Project Achievements:**

- 311 children (152 boys and 159 girls) were prevented from Worst Forms of Child Labour and retained in Universal Primary Education.
A total of 117 children (40 boys and 77 girls) were withdrawn and integrated into vocational skills training (hairdressing, tailoring, motor cycle mechanics, carpentry, electronics, welding and metal fabrication, plumbing and catering) at Masooli rehabilitation center.

A total of 50 (12 girls and 7 boys) children were withdrawn from stone quarrying and mining.

75 families were supported to start income generating activities (poultry, piggery, etc) and subsequently established six Village Savings and Loan Associations groups aimed at improving family incomes.

**The book project - “Children and Vulnerability in Uganda”**

UYDEL launched the unveiling in November 2012 and so far has disseminated it to social work students at Uganda Christian University, Kampala campus. During these sessions, students are given knowledge based on field experience to prepare them for life after university. Issues of child protection especially vulnerability, OVCs, trafficking, sexual exploitation, child abuse, and theories are discussed which enlightens the students about the problems to deal with in communities. This activity was supported by OAK Foundation.

**Mentor IOC Prevention and Health through Sports Project**

This is a 2 year pilot project funded through Mentor Foundation aimed at promoting and strengthening in young people a range of health attitudes and behaviors through an education process and by involvement with sport. The project preparations, training of partners and piloting the resource material shall be done in 2013. The project shall be implemented in partnership with Uganda National Olympic Committee, Children’s Rights Advocacy and Lobby Mission (CALM Africa) and Kanyanya Pioneer HIV/AIDS Prevention Center (KPHAPC).
